**Former Employee Says

Additional testimony on the alleged connection of Interborough officials with the subway and "L" strike of 1919 was made public yesterday by Commissioner of Accounts Hirshfield in his investigation of the Interborough Rapid Transit Company's affairs.

The Commissioner's witness yesterday was Louis Eichwald, of 414 East 19th Street, formerly an employee of the company, who says he was chairman of the grievance and welfare committee of one of the Interborough brotherhood locals at the time of the strike. Eichwald told of attending many meetings where the question of a wage increase was discussed. At one of these, he said, Patrick J. Connolly, president of the brotherhood, told the men that if the company gave a ten cent fare the men would be granted a 50 per cent. increase.

Called on Hadley
The witness further quoted Connolly as saying that the general committee of the brotherhood had called on President Hadley of the I. R. T. and that the latter had told the committee that if the company got an eight or ten cent fare, the men would obtain a wage boost of 50 per cent. Connolly, he testified, also advised the men to write to their assemblymen in favor of an eight or ten cent fare.

On the question of the circumstances surrounding the strike, the witness said that M. J. Mangan, executive secretary of the general committee of the brotherhood, told him that the strike was the result of a mutual agreement between the brotherhood leaders and the company. Eichwald also testified that the weight of the brotherhood was supposed to have been thrown to Miller in the last Governor's election.

Connolly, he said, had requested the men of the various locals to vote for Governor Miller, having told the men, according to the witness, at one of the meetings: "I have just been down to Hadley's office, and Hadley told me to vote for Miller for Governor, but to vote for any one else for the other offices. If you do that, Connolly said, the door will be open for an increase in our wages if Miller gets elected."

Spoke for Lewis Nixon
Eichwald testified that at a meeting in Star Casino early in 1920, Connolly made a speech in favor of Lewis Nixon, then mentioned as a candidate for President of the Board of Aldermen. He said that the purpose of this meeting was not met by the brotherhood. At another meeting of the local, says Eichwald, the candidacy of Robert Moran for the Presidency of the Board of Aldermen was discussed, but Connolly advised the men to vote for La Guardia.

The witness quoted Connolly as saying that "he was not sure of La Guardia, but he was told downtown that Moran was against the company, and that Connolly advised the men to 'dump' him." According to the witness, Connolly said that he was against Moran because, as President of the Board of Aldermen, Moran was for a five-cent fare with Mayor Hylan.

**Boy Caught by Janitor
Locked Up as Burglar**

**Alleged Companion Escapes in
Hallway of Apartment
Building**

A boy who gave his name as Abraham Goldstein, sixteen years old, and said that he lived at 80 East 116th Street, was locked up in the East 126th Street police station last night on a charge of attempted burglary. According to the police, he was caught while attempting to break into an apartment on the ground floor of 89 East 116th Street. Another boy, who was said to have been with Goldstein, escaped.

William Zenker, the janitor of the apartment house, told the police he heard the two boys attempting to force their way into an apartment whose occupants are out of town. When he was on his way to investigate, the boy who is alleged to have been Goldstein's confederate, he says, brushed by him in a passageway. He seized the Goldstein boy and held him until the arrival of Patrolman David Gallagher, of the East 126th Street station.

Bar Jack Johnson's Speech

Jack Johnson, former heavyweight champion pugilist of the world, who was scheduled to fight the principal speaker at a social dance held last night in the 1st Regiment Armory of Newark, under the auspices of Roosevelt Temple, a negro organization, did not address the gathering, on orders from William J. Brennan, Director of Public Safety.

In his orders to the police the Director of Public Safety said that if the pugilist attempted to speak he was to be arrested. No specific reasons for the action were given in the orders, but it is believed they were issued because of a previous address which Jack Johnson made at a temple meeting on race suicide.

**Caribbean Tourists Arrive
On United Fruit Steamship**

**Hadley Denies He Confessed
He Killed Wife in Virginia**

DENVER, Sept. 5.—Dr. Wilmer A. Hadley, charged yesterday with the murder of his wife, Mrs. Sue Tinsley Hadley, in Richmond, Va., denied he had confessed the killing, although George A. Fuller, superintendent of a nationally known detective agency, reiterated his statement of last night that the physician had made a confession admitting the crime and giving details of it.

Dr. Hadley is on his way back to Richmond to stand trial.

He admitted he had lived under another name until the day of his arrest.
